14. Payment address:

Bank of America

KSEA Lock box # 53514

Los Angeles, CA 90074-3514

15. Warranty provision:

WARRANTY POLICY. Except as otherwise provided herein and/or by the applicable warranty information for a specific product or type of product, all products are generally warranted to be in good working order at the date of delivery and free from defects in workmanship and materials for one (1) year from date of delivery. However, since some products carry a shorter or a longer warranty period, Customer should check with KSEA's Customer Support Department or product specific literature, instruction manual and/or labeling for the exact warranty period. Any such product(s) with a defect occurring during the applicable warranty period will be promptly replaced or, repaired at no charge to Customer. Subject to availability of product, KSEA may, in its sole discretion, provide Customer with loaner product while the defective product is being replaced or repaired during warranty period. Any contrary course of performance by and between the parties will not modify any representations and/or warranties set forth herein. KSEA neither assumes nor authorizes any person to assume for it any other liabilities in conjunction with and/or related to the sale and/or use of its products. To ensure proper use, handling and care of KARL STORZ products, Customer should consult the product specific literature, instruction manual, and/or labeling included with the product or otherwise available. Repairs, modifications or alterations of KARL STORZ products, performed by any person or entity, other than by KSEA or an authorized repair facility of KSEA, nullifies and otherwise voids all applicable KARL STORZ warranties. Repair or replacement of a KARL STORZ product shall not extend the term of any applicable warranty. In a breach of warranty, the remedies provided herein are Customer's exclusive remedies under this Warranty Policy.

Returned Goods Policy:

A return merchandise authorization (RMA) must be obtained from KARL STORZ's Customer Support Department prior to returning any products. When phoning or writing KARL STORZ for an RMA, the Customer Support Representative must be provided with: (a) Customer name and number as it appears on the invoice; (b) the telephone number and the person to contract; (c) the applicable P.O. number; (d) the KARL STORZ catalog number and, if applicable, the serial number for each product; and (e) the reason for the return. KARL STORZ reserves the right to refuse or return any products sent back to KARL STORZ without prior authorization of its Customer Support Department. Returns must be carefully packed and shipped pre-paid to KARL STORZ, Attn: RMA number. KARL STORZ's Customer Support Department will provide the return address and the RMA number. When returning products, Customer should include a copy of the original invoice or packing slip to ensure prompt issuing of credit.

Full credit will only be issued for products that are returned and received by KARL STORZ within 120 days of date of shipment (“Ship Date”) so long as such items are unused, in resalable condition and in their original product packaging. If unopened products are received by KARL STORZ 120 or more days after the Ship Date, KARL STORZ may, in its sole and absolute discretion, either refuse acceptance of the returned products or, as a condition to authorizing a return, require payment of an inspection fee of up to 25% of the invoiced price of the product, which will require a separate P.O. number before the RMA is issued. Shipping charges will be reimbursed, inspection fees will not be charged and full credit will be given if the return was due to an error on the part of KARL STORZ. The following products may not be returned for credit or exchange: (a) products held longer than 120 days from the Ship Date (except as provided above); (b) sterile packaged products where the package is opened and/or damaged; (c) discontinued products; (d) instruments that are etched or engraved by Customer; (e) products damaged by Customer; (f) products purchased “as is” or as demo products; and (g) used products. In order to prevent the transmission of disease to the medical facilities’ and/or KARL STORZ’s personnel, all products must be cleaned and then sterilized and/or disinfected before returning such products to KARL STORZ, which reserves the right to return unclean and contaminated products to Customer. Additionally, if any product becomes damaged and is not immediately returned for repair or exchange, KARL STORZ assumes no responsibility or liability for Customer’s continued use of that damaged product. KARL STORZ does not guarantee the performance of, and may decline to repair or accept for repair/exchange, any product that has been repaired, modified and/or altered by any person or entity other than KARL STORZ or an authorized repair facility of KARL STORZ.

16. Export packing charges, if applicable: Not Applicable

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level): Net 30 days after receipt of invoice.

18. Terms and conditions of rental, maintenance, and repair (if applicable): Not Applicable

19. Terms and conditions of installation (if applicable): Not Applicable

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): Not Applicable

20a. Terms and conditions for any other services (if applicable): Not Applicable

21. List of service and distribution points (if applicable):

**KARL STORZ Endovision, Inc.
91 Carpenter Hill Road, Charlton, MA 01507**

**KARL STORZ Imaging, Inc.
175 Cremona Drive
Goleta, CA 93117**

22. List of participating dealers (if applicable): Not Applicable

23. Preventive Maintenance (if applicable): Not Applicable

24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants): Not Applicable

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g., contractor’s website or other location). The EIT standards can be found at www.Section508.gov/ : Not Applicable

25. Data Universal Number System (DUNS) number: **075293423**

26. Notification regarding registration in System for Award Management (SAM) database: **Yes, registered**

Repair Process Procedure

Rigid Endoscope Repair Process

Government Customers are to call KSEA customer support to report a damaged standard rigid endoscope.

- A purchase order is required and the Customer is quoted at the \$925 standard rigid repair price
- The Customer is shipped a new replacement scope (Repair Exchange) immediately
- The Customer is provided an RMA number and the damaged scope is returned
- Upon receipt of the damaged scope at the KSEA manufacturing facility, the scope is evaluated to determine whether the scope has been previously repaired by a third party
- If the scope is determined to have been third-party repaired upon inspection, KSEA will bill the difference between the third-party repair price and the \$925 repair price

Flexible Fiberoptic and Video Endoscope Repair Process

The repair of the Fiberoptic Flexible and Video Flexible Endoscopes repairs have two service option.

- A. Request a repair-exchange transaction where a replacement scope is shipped immediately and a RMA will be issued for the return and evaluation of their damaged scope. The following will apply:**
1. The Customer calls KSEA customer support to report a damaged scope.
 2. The Customer is quoted the major damage level price for Fiberoptic Flexible scopes or major plus damage level price for Video Flexible scopes. A replacement scope is shipped immediately.

3. An RMA number is provided and the damaged scope is returned. Upon receipt of the damaged scope at the KSEA facility, the scope is evaluated to determine its level of damage which could range from low, minor/medium, major or major plus – a detailed evaluation form is completed for each scope.
4. The Customer is billed based on the level of damage and a detailed evaluation form is provided to the customer. In addition, if the scope is determined to have been third-party repaired upon inspection, KSEA will bill the list price for the scope.
5. If no damage is found during the evaluation, the Customer is billed an evaluation fee of \$300.
6. If damage is found, the Customer is billed based on the actual damage level which could range among low, minor/medium, major, or major plus, and no evaluation fee is charged.

B. Government customers may request an assessment of the damaged scope without an immediate shipment of a replacement scope and a RMA will be issued for the return of their damaged scope. Under this option the following will apply.

1. The Customer calls KSEA customer support to report a damaged scope.
2. The Customer requests an RMA in order to send the scope in for an evaluation before agreeing to have the scope repaired.
3. The Customer is provided an RMA number and the damage scope is returned. Upon receipt of the damaged scope at the KSEA manufacturing facility, the scope is evaluated to determine its level of damage which could range among low, minor/medium, major or major plus and a detailed evaluation form is completed for the scope.
4. The Customer is contacted and provided with the completed evaluation form, estimated cost of the repair and request for authorization to repair.
5. If the authorization is denied then the scope is returned to the Customer. A purchase order is required at this time for the amount of the evaluation fee only, which is \$300.
6. If authorization is approved a purchase order is required for the estimated cost of the repair and no evaluation fee is charged. The Customer then receives their original scope with repairs completed or a replacement scope if the scope was deemed irreparable
7. The Customer is billed when the scope ships out to them
8. In addition, if the scope is determined to have been third-party repaired upon inspection, KSEA will bill the list price for the scope.
